Dear Valued Client:

We are pleased to announce that Corewell Health and Quest Diagnostics, a leading national laboratory, are forming a multi-faceted collaboration to broaden access to innovative, high value laboratory services for you and other providers in Michigan.

This new JV laboratory will not be operational until the beginning of 2027.

For now, there are no changes to current processes; at this time, please continue to order laboratory services from Corewell Health and Quest Diagnostics as you normally would.
