

Corrected Report Request for General Laboratory Testing

Pathology and Laboratory Medicine, Phone: 616-774-7721, Fax: 616-267-2958

Date: _____

I am requesting a corrected report be issued from the Corewell Health Reference Laboratory West.

On _____ our office sent a specimen and requisition labeled as:
Date

Originally submitted patient name

Originally submitted date of birth

The specimen and requisition were labeled incorrectly. They should have been labeled as:

Correct Patient Name

Correct Date of Birth

General Lab Work:

I have included a copy of the correct patient's requisition. Upon receipt of this material please issue a corrected report.

Physician signature (No stamps please)

Date

Physician printed name and NPI

Office Contact Name and Role

Contact Direct Phone Number

***Note for specimens not yet processed by the laboratory:

It is Corewell Health policy that any precious specimen patient identifier issues **require the collector to come on site** to make the correction. It is against Corewell Health policy to make patient identifier corrections to specimens considered non-precious. Non-precious specimens with incorrect identifiers will be discarded and will require recollection.
